RE: Submission of Intrastate Commuter Rail Final Report and Next Steps

The final study pertaining to intrastate service between Woonsocket and Warwick is attached. We appreciate and thank you for your contributions to the study. Please feel free to distribute the report as appropriate.

The results of the study are better than we had anticipated! We recommend pursuing several implementation steps shown on Page 6. Please get back to one of us by July 15th with your thoughts and comments on the *Next Steps* for this project.

Once we have your input, we plan to bring this project to the attention of our Federal representatives and many others for further consideration and analysis.

Thank you again for all of your hard work on this project. We are looking forward to working with you to improve rail passenger service in Rhode Island in the years to come.
