

Advisory Council

Grow Smart Rhode Island's Advisory Council has played a major role in building a cohesive private/public partnership for specific smart growth efforts. The Council meets monthly and helps the Grow Smart staff and Board research key issues, and develop policy, programmatic and public education initiatives. It serves as a communication vehicle for agencies and groups working on different aspects of sprawl. Between our Board and Advisory Council, there are now more than 50 separate organizations represented within Grow Smart Rhode Island.
